

DETAILS OF SECOND LIBERTY BOND LOAN ARE ANNOUNCED

Government Hopes for Ten Million Subscribers with Subscriptions in Excess of \$5,000,000,000

Secretary McAdoo Makes Official Announcement of New Four Per Cent Liberty Bond Loan Which Will Be Offered Public Monday, Oct. 1—Campaign for Sale of These Bonds Will Close Saturday, Oct. 27—Interest Payable Semi-Annually.

Washington, Sept. 27.—Secretary McAdoo tonight announced the details of the second liberty loan which will be offered to the public Oct. 1. The chief features are:

Amount—\$3,000,000,000 or more, the excess not to exceed one half of the amount of oversubscription.

Terms of bonds—Maturity twenty five years; redeemable at the option of the secretary of the treasury in ten years.

Denominations of bonds—\$50 and multiples of \$50.

Interest rate—Four per cent, payable semi-annually on Nov. 15 and May 15.

Terms of payment—Two per cent upon application, eighteen per cent Nov. 15, forty per cent Dec. 15 and forty per cent January 15, 1918.

The privilege of converting bonds of this issue into bonds of any succeeding issue bearing a higher interest rate than four per cent during the period of the war is extended, and thru an arrangement under which bonds will be printed with only four coupons instead of fifty (5) be exchanged at the end of two years for the bonds containing the full number of coupons; deficiencies will be prompt. In this manner the issue of interim certificates will be avoided.

Official Announcement.

Secretary McAdoo's announcement follows: "With approval of the president, I have determined to offer Oct. 1, 1917, three billion or more dollars of United States of America four per cent convertible gold bonds, due November 15, 1942, subject to redemption at the option of the United States at par and accrued interest on and after November 15, 1927.

"The bonds will bear interest from November 15, 1917, the interest payable May 15 and Nov. 15 each year.

"The exact amount of bonds to be issued under this offering will depend on the amount of subscription. It is of course to be expected that subscriptions considerably in excess of three billion dollars will be received and in that event the right is reserved to allot bonds in excess of three billion dollars to the extent of not over one half of the sum by which the subscriptions received exceed three billion dollars. In other words, if subscription to the extent of five billion dollars are filed four billion dollars of bonds may be allotted.

"The bonds will be offered as before at par and accrued interest and will be in denominations of fifty dollars and multiples thereof. The bonds shall be exempt, both as to principal and interest from all taxation now or hereafter imposed by the United States, any state or any of the possessions of the United States or by any local taxing authority except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes and excess profits and war profits taxes, now or hereafter imposed by the United States on the income or profits of individuals, partnerships, associations or corporations. The interest on an amount of bonds and certificates authorized by said act the principal of which does not exceed in the aggregate \$5,000,000,000 owned by any individual, partnership, association or corporation shall be exempt from the taxes provided for in clause (b) above.

"If a subsequent series of bonds (not including United States certificates or indebtedness, war saving certificates, and other obligations maturing not more than five years from the issue of such obligations) bearing interest at a higher rate than four per cent per annum shall, under the authority of said act approved Sept. 24, 1917, or any other act, be issued by the United States before the termination of this war between the United States and the Imperial German government (the date of such termination to be fixed by proclamation of the president) then the holders of bonds of the present series shall have the privilege at the option of the several holders of converting their bonds, at par, into bonds bearing such higher rate of interest at the issue price of bonds of such subsequent series, not less than par, with an adjustment of accrued interest.

"Such conversion privilege must be exercised if at all, at anytime within the period, after the public offering of bonds of such subsequent series beginning at the date of issue of bonds of such subsequent issue as such date shall be fixed in such public offerings and terminating six months after such date of issue, and under such rules and regulations as the secretary of the treasury shall

PLANS OF GERMAN SYMPATHIZERS DEFEATED

One Hundred Aliens Arrested in New York May Be Interned for Duration of the War.

New York, Sept. 27.—Plans to wreck machinery in munition making shops in America are believed by the police to have been defeated thru the arrests of about 100 Germans and German sympathizers in raids which, begun here last night, were continued today.

This forenoon the aliens, guarded by detectives, were taken to Ellis Island, where, it was announced, they will be interned probably for the duration of the war.

Nearly all the men arrested are mechanics. A number are employed in munitions plants and on navy contracts. In the possession of some were found quantities of carburendum in pulverized form—a chemical used to destroy delicate machinery. The men had held various meetings at which police and navy department agents were present unknown to them, and had been under surveillance for many months, according to the police.

The suspicion is held that the carburendum reached here from German agents in Scandinavian countries.

MINERS AND OPERATORS REACH A DEADLOCK

Owners Refuse to Discuss Wage Increases Until Fuel Price Is Raised By Administration.

Washington, Sept. 27.—Coal miners and operators discussing union demands for 25 per cent more pay in the bituminous fields of Illinois, Indiana, Ohio and Western Pennsylvania, tonight reached a deadlock on the miners' proposal that the operators grant an increase which might be used as the basis of an appeal to the government for higher selling prices. Discussion will continue tomorrow.

The operators declined to consider this proposition announcing their belief that it would look like conspiracy between miners and operators to force higher coal prices. They said they would not discuss wage increases until the present price of coal at the mine is raised by the fuel administration and that there was no definite assurance that such a modification will be made.

BENNETT LEADS MITCHELL FOR N. Y. NOMINATION

Supreme Court Issues Order Staying Board of Election From Certifying Mr. Mitchell as Republican Candidate.

New York, Sept. 27.—On application of William Bennett, candidate for the mayoralty nomination against Mayor Mitchell in the Republican primaries here last week, Supreme Court Justice Goff today issued an order staying the board of elections from certifying Mr. Mitchell as Republican candidate. Justice Goff will hear motions on the order Monday.

The unofficial recount of the ballots showed Mr. Bennett leading Mayor Mitchell tonight by 333, with the votes in several districts yet to be inspected. The first official canvass by the elections board gave the mayor a lead of 335.

District Attorney Swann announced that there will be a grand jury investigation of alleged irregularities in certain election districts.

COURTS MARTIAL BEING HELD AT WEST POINT

Upper Classmen Charged With Hazing Two Fourth Classmen.

West Point, N. Y., Sept. 27.—Courts martial were in progress at the United States military academy here today in the cases of twelve cadets, upper classmen, charged with hazing two fourth classmen, Worth Shoults of Maryland and Joseph A. Cranston, Jr., of Kansas, who are said to have been compelled to stand striped to the waist on their tip toes and with chains and heads thrown back forty five minutes until they fainted.

Among those charged with the alleged hazing are Stuart M. Bevins of Illinois, appointed from Fort Wright, where his father was recently stationed and Eugene E. Vidal, of South Dakota, star quarterback on the West Point football team.

START CONSTRUCTION OF CANTONMENT THEATRES

WASHINGTON, Sept. 27.—Construction of sixteen big frame theatres one for each of the national army cantonments, will be started at once and completed within a month. This was announced today by the war department's commission on training camp activities, with a statement that the best theatrical talent in the country had volunteered to play for the soldiers and would be ready to perform when the buildings were opened.

WANT MARINES KEPT ON PROVOST DUTY

WASHINGTON, Sept. 27.—When the first expedition of American troops, which included the marine regiment, reached France the difficult duty of Provost Guard work fell to the lot of a battalion of marines, because of the seasoned and highly trained men in that organization. It is known that the marines have done their work so efficiently that army officers in France are anxious to retain them on provost duty although the commander of the regiment is anxious to get all his force together and in training for trench duty.

BRITISH CHECK COUNTER ATTACKS OF TEUTON FORCES

English, Scotch and Australian Regiments Holding Ground Gained By Field Marshal Haig

Fighting in Vicinity of Ypres Especially Violent—Encounters North-west of Zonnebeke Have Been Bloody, the Germans Losing Heavily in Counter-Attacks—At Only Two Points Were Germans Able to Recapture Lost Ground.

With all the objectives for which Field Marshal Haig and his men early Wednesday morning in new offensive near Ypres securely in their hands, the English, Scotch and Australian units now are tenaciously holding them notwithstanding repeated German thrusts that have ineffectually been made to regain lost ground.

Because of the contour of the territory over which the battle has waged, fighting thrusts have been violent. Near the Poligon wood where the Australians are facing the foe, north and northeast of St. Julien and northwest of Zonnebeke, the encounters have been bloody Germans losing heavily in counter attacks. Of all the points of vantage sought or gained by Field Marshal Haig, the village of Zonnebeke probably was the most important for six miles farther on lies the Ostend-Lille railway, the cutting of which by the British would seriously interfere with operations between Germany's naval bases at Ostend and Zeebrugge and the southern part of their line.

At only two points were Germans able to recapture lost ground. This was east of St. Julien where two redoubts again fell in the hands of the enemy. One of these had to be relinquished by the British and still remains in German hands, but from the other the Germans were scattered by the British onslaught. Thursday was spent by the captors of the new positions in consolidating them preparatory to starting another vigorous offensive.

The German Crown Prince's attempts along the Aisne front and in the Verdun sector to break the front of General Petain were repulsed with heavy casualties. On the greater portion of the line held by the French artillery duels are in progress. On the front in northern Russia and in Roumania the activity of Germans and Austro-Hungarians has almost ceased, except for small outpost operations and here and there slight artillery duels. The Germans apparently are reconnoitering in the Baltic Sea, preparing for attacks against the Russian fleet. Their naval airplanes also are taking part in this work, flying high and keeping out of the range of Russian anti-aircraft and coast batteries.

There has been no resumption by General Cadorna of his intensive offensive against the Austrians along the Isonzo front. On the Carso plateau the Austrians have begun again violent bombardment of Italian positions, but the Italians are effectively countering. Large quantities of explosives daily are being dropped by the Italians on Austrian positions behind the fighting front. In Belgium the British and the French airmen also are keeping up their raids against the German naval bases, cantonments and important objectives and securing hits which indicate great damage.

RECORDS ARE SEIZED IN DETECTIVES' RAID

Officers Seek Evidence in Support of Suspicion That Milk Producers Have Fixed Prices.

Chicago, Sept. 27.—Records of the Illinois Milk Producers' Association seized in a raid by detectives from the state's attorney's office today tend to show that a price was fixed for the milk marketing of milk according to Macley Hayne, state's attorney.

The raid was conducted at the request as Assistant Attorney General Wilkinson of Illinois and Walker Drew of Wisconsin and was not to determine whether the fixing of price of milk was fair but whether the law had been violated in fixing the price. The price of milk to distributors jumped from \$2.12 to \$3.42 a hundred pounds since the February meeting of the association.

STARTS INVESTIGATION OF SO-CALLED "MILK TRUST"

CHICAGO, Sept. 27.—Investigation into the so-called "milk trust" was started by State's Attorney Hayne today with the assistance of Assistant Attorneys General James H. Wilkerson of Illinois, and Drew of Wisconsin. Detectives descended on the headquarters of the Milk Producers' association and served subpoenas on the officers of the association and its employees.

SPILLWAY DYNAMITED NEAR TRAVERSE CITY

TRAVERSE CITY, Mich., Sept. 27.—A Spillway at the lower dam of the Boardman River Light and Power company's plant, near here, was dynamited early today. The loss was estimated at \$50,000. It is believed that enemies of the government are responsible.

BUTLER SAYS CONGRESS SHOULD OUST LAFOLLETTE

President of Columbia University Declares Only Peace Terms Must Be Unconditional Surrender.

Atlantic City, N. J., Sept. 27.—Members of the American Bankers' association vehemently expressed approval when Nicholas Murray, Butler, president of the Columbia University addressing them today on the "changing world" demanded that congress exercise its constitutional right to expel United States Senator LaFollette.

"We are repelling attacks on American people and institutions of two kinds," Dr. Butler said. "We are fighting across the sea and we are fighting evil minded suspicion, cowardice and treason which have raised their hands at home. Our soldiers can fight the soldiers of the enemy. You and I have got to fight sedition and treason here.

"There is a provision in the constitution, providing that congress may expel a member by a two-thirds vote. What are they thinking of to sit there and permit themselves to be contaminated by Senator Robert M. LaFollette?

"You might just as well put poison into the food of every boy that goes to his transport as to permit this man to make war on the nation in the halls of congress.

"I am a native son of New Jersey which has two patriotic sons in the senate. I call on them to take the lead.

"I am a citizen of New York. New York has two patriotic sons in the senate. I call upon them to take up the challenge. No single act would go so far as to shorten the war.

"Hundreds of millions of dollars are being expended and thousands of lives are being lost because we sit supinely by.

"Do you see the significance of the coolings of peace which come from Berlin. They are intended to weaken our efforts before the new world of which we are in search has been discovered—a world for which the free nations have armed themselves for a contest that will not cease until this world has been founded.

"Any human being who asks for peace on any other terms than unconditional surrender is asking another and still greater war. Peace will only come when the supreme confidence the Germans have in their instrument of armor and their world dominating aims are brought to defeat. That is the only road to peace."

GOVERNOR PROTESTS BREAKING UP I. N. G. UNIT

Illinois Executive Sends Telegram to President Wilson Protesting Against Proposed Action.

Springfield, Ill., Sept. 27.—In a telegram to President Wilson, made public today, Governor Lowden protests against the proposed breaking up of the war department of Illinois national guard units, declaring that such action on the part of the federal government would impair the morale of the troops and would be a "grievous error."

Governor Lowden in making known the contents of the telegram said numerous letters had come to him asking if something could not be done to keep the Illinois regiments together.

The telegram follows: To the President, Washington, D. C.

"There are persistent rumors that the authorities at Washington are considering the disintegration of some of the Illinois regiments. I respectfully submit that this would be a grievous error. I am thoroughly familiar with the history of all these organizations. Every one of them has many years of fine tradition and fine memories, and nothing would so take the heart of the officers and men of these regiments as to break up the regiments. Their esprit de corps would suffer greatly by such a course, and their efficiency would be immeasurably reduced. I was a member myself of the Illinois national guard for a number of years, and am sure that I am not over-estimating the case. It may seem to some of the military authorities at Washington that these are mere considerations of sentiment, but I suggest to them that sentiment is always the controlling factor in determining the morale of troops. Surely it would make these officers and men no less serviceable to the United States that they are also permitted to retain their pride in Illinois. Illinois wants to do her full part in this great war and she feels that her contribution to the success of our arms will be vastly larger if her national guard regiments, as units, are continued in the service.

(Signed) "Frank O. Lowden."

HUNGER STRIKE RESULTS IN REBEL LEADER'S DEATH

DUBLIN, Sept. 26.—Thomas Ashe, a Sinn Fein leader, died in a hospital here as the result of a hunger strike on which he had entered.

As he commanded the rebels in Easter riots in Ashbourne in 1916 when several members of the constabulary were killed, he was sentenced to penal service for life but was released last June. Recently he was again sentenced to a year's imprisonment, but immediately began a hunger strike.

WILL REQUISITION EVERY AMERICAN MERCHANT VESSEL

All of More Than 2,500 Tons Weight Capacity Will Be Taken By the Government

Except Where Required for Service Ships Will Be Turned Back to Owners for Operation on Government Account—Government Will Assume War Risk on All Vessels and Also Marine Risk on Same—American Vessels Now Available for Ocean Service Number 438.

Washington, Sept. 27.—Every American vessel of more than 2,500 tons dead weight capacity available for ocean service will be requisitioned by the government October 15, the shipping board announced today.

American ships available for ocean traffic total slightly more than 2,000,000 tons. Some already have been taken over for the army and navy. Except where required for government service the ships will be turned back to their owners for operation on government account.

The rates announced will cut sharply charter and ocean freight rates of American vessels. It is intended to apply them later to foreign ships chartered in the United States. The chartering will be in the hands of the shipping board's commission, Welding Ring of New York, chairman.

For passenger vessels the board made two classes: "A" comprising steamers with capacity of more than 150 passengers, and "B" with capacity of from 75 to 150. Steamers are further requisitioned by the board with a view toward obtaining speed.

Some of the vessels to be requisitioned for army and navy, will be taken over on a bare ship basis. They will be manned and piloted by army and navy officers and the rates fixed for their use are \$4.15 for cargo boats and \$5.75 a ton gross for passenger steamers of 11 knots speed with an additional allowance of fifty cents a ton for each knot in excess of 11 to 16 knots.

All of the rates are tentative. The board will determine any revision necessary at intervals of not more than ninety days.

The government will assume the war risk on ships requisitioned and in some instances also the marine risk. Where the marine risk is assumed the usual rate for this insurance will be deducted from the charter price. Within less than six months virtually everyone of the 438 American vessels now available for ocean service, including regular liners, will be either supplying American troops and warships abroad or in trades considered vital to the conduct of the war.

PAGE ADVERTISEMENTS IN BERLIN NEWSPAPERS

AMSTERDAM, Sept. 27.—A full page advertisement in Berlin newspapers signed by the chief magistrates of Greater Berlin and appealing for subscriptions to the war loan, says among other things: "Lately, President Wilson hypocritically has been preaching the democratization of Germany by grace of the Entente and has attempted to sow discord among the German people and to drive it through inner dissension to foolish self-destruction. This must not be. Our firm purposes remain to hold out and win an honorable peace, insuring the fatherland's future weal."

ALIENS TURNED OVER TO U. S. WAR DEPARTMENT

WASHINGTON, Sept. 27.—Approximately two hundred alien enemies rounded up in New York yesterday for violation of the president's proclamation requiring them to remain away from the restricted areas, probably will be turned over to the war department, in most instances for interment with other alien enemies. Each case officials said will be investigated and decided on its merits. Pending investigation the arrested men will be detained in jails at New York.

HOUSE HONORS MEMORY OF REPRESENTATIVE HILL

WASHINGTON, Sept. 27.—The house today adjourned after a brief session in honor of the memory of the late Representative Ebenezer J. Hill of Connecticut. Speaker Clark appointed all members of the ways and means committee and Representatives Loneragan, Tilson and Freeman and Glynn, Conn., Gillette, Treadway, Mass., and Rodenburg of Illinois, a committee to attend the funeral at Norwalk, Conn., Saturday afternoon.

REPORT SEVERAL LOST AS BRITISH STEAMER IS SUNK

AN ATLANTIC PORT, Sept. 27.—A report that several persons aboard the British steamship Wentworth were lost when that vessel was sunk by a German submarine was brought here by passengers on a British steamship which arrived today. The Wentworth, 2,381 tons, was on a voyage from New York to Bordeaux when, as reported last week, she was destroyed on September 8th, presumably off the French coast.

PRESIDENT COMISKEY ATTACKS SCALPERS

Will Consult Hayne and Thompson As to What Legal Steps May Be Taken Against Speculators.

Chicago, Sept. 27.—President Comiskey of the Chicago Americans today started aggressive action against speculators who have announced that they will have for sale tickets to the world's series baseball games played here. Indicative of his desire to eliminate ticket brokers he declared he would consult with State's Attorney Hayne and Mayor Thompson as to what legal action may be taken against them.

The boldness of several dealers who have advertised they had reservations for sale even before the tickets were printed caused this decision. President Comiskey announced today that all tickets sold will be redeemed at the South Side Park at the price paid for them.

Announcement was also made today that plans have almost been completed for enlarging Comiskey park, giving it a permanent seating capacity of 45,000, the largest baseball park in the world. It is expected this work will be completed when the season opens next spring.

GEN. MAURICE DISCUSSES SITUATION IN FLANDERS

Returns From Visit to Italian Front—Asserts Germans Suffered Terrible Slaughter.

London, Sept. 27.—On his return from a visit to the Italian front Major General F. B. Maurice, chief director of military operations at the war office today discussed the situation in Flanders with the Associated Press.

"During the last month there has been a long pause, thanks to the rain and mud in Flanders," he said. "The pause made necessary more ample preparations than ordinarily after a first day's pause—preparations equivalent to launching an entirely new battle, but the result amply justified the preparations and while on previous occasions we won our objectives after protracted fighting yesterday were in possession of the whole of our objectives before eight a. m.

"The fighting yesterday was in the most vital area, the nexus of the ridge system dominating the plain of Flanders and the key to the whole series of ridges. There is a good deal more to be said about this battle than what we gained.

"Officers who have been with the British army from the beginning all agree that since the first battle of Ypres there has never been a slaughter of the Germans comparable to that they suffered in the repeated counter-attacks of the last few days. The Germans counter-attacked in masses and dozens of these counter-attacks were swept away by our fire with terrible German losses."

RETAIL FOOD PRICE STATISTICS SHOW DECLINE

Flour, Potatoes and Onions Display Most Notable Decrease in Quotations.

Washington, Sept. 27.—Retail food prices, reports to the bureau of labor statistics show declined approximately four per cent during the month ending July 15.

The labor department states that the decline was due largely to the decreases in the price of flour and potatoes. Flour decreased ten per cent and potatoes 32 per cent on the average. Onions also decreased 27 per cent.

Movement of prices for the twelve months ending July 15 show an advance, however, of 32 per cent. Of the meats, pork advanced more than beef.

COACHES ARE SELECTED AT TRAINING CAMPS

WASHINGTON, Sept. 27.—Sport coaches selected by the committees on training camp activities for the promotion of recreative athletics at national cantonments and other big military camps, have already reported to the camps to which they are assigned by R. B. Fosdick, chairman of the commission. The work is under the general direction of Joseph E. Raycroft, athletic director at Princeton University, and Malcolm L. McBride, former Yale football star. Practically all of the coaches are men who have made records in college athletics.

Directors at the cantonments of the national army and National Guard include: Camp Hancock, Augusta, Ga., Walter Camp, Jr., Yale; Camp Dodge, Des Moines, Ia., John L. Griffith, Drake University; Camp Grant, Rockford, Ill., Louis Omer, Northwestern; Camp Fitchburg, Fort Riley, Kan., Dr. Paul Whittington, of Harvard.

DESCRIBES LAST FIGHT OF GREAT FRENCH AVIATOR

PARIS, Sept. 26.—Major Brocard, commander of the "Storks", the squadron to which Captain George Guynemer belonged, says the last fight of the great French aviator occurred some four or five miles inside the German lines northeast of Ypres. Captain Guynemer was accompanied by Lieutenant Bozon Verdun, who says that Guynemer sighted an enemy two-seater which he attacked immediately. Almost at the same moment Verdun saw four German monoplane. He turned toward them instantly so as to draw them off. When Verdun returned to where he had left Guynemer, the latter had vanished.

WAR TAX BILL NOW COMPLETED BY CONFERENCE

Agreed Upon By Senate and House Conferees—Formal Approval of New Draft Remains to be Voted

Another Large Increase Ordered in Passenger Transportation and Pullman Accommodation Taxes—Revenues on Automobiles, Patent Medicines, Perfumes and Cosmetics, and Other Manufactures are Increased—Additional Taxes Total Almost \$300,000,000 Over Senate Bill—Presentation of Report to House Today.

Washington, Sept. 27.—The war tax bill, the largest in American history, increased to raise about \$2,700,000,000 federal revenue in addition to \$1,333,000,000 under existing law was completed late today by the senate and house conferees and only formal approval of the new draft remains to be voted. Presentation of the conference report to the house late tomorrow is planned.

Additional taxes of between \$2,500,000,000 and \$300,000,000 over the senate bill, which totalled \$2,416,000,000 were added by the conferees. As passed by the house the total was \$1,868,000,000.

Senate levies of \$1,060,000,000 on war excess profits and \$842,200,000 on incomes were substantially unchanged the conference increases being divided among many items, with a few new taxes added and many eliminated house provisions restored. The system of levying war excess profits taxes, however, was practically re-written in a compromise between the senate war profits and house excess profits systems. A minimum exemption of seven per cent on invested corporate capital is said to be provided, with modified allowances for intangible assets. The only change in the senate income tax section was to re-arrange a few graduated taxes.

Normal taxes on individuals and corporations and the lowered individual exemptions as revised in the senate were approved.

Liquor and tobacco sections of the senate draft also were practically unchanged though a slight decrease in revenues from whiskey and manufactured tobacco probably will result.

Of the \$250,000,000 to \$300,000,000 additional agreed to by the conferees, about one third was on postage. The house one cent letter tax, estimated to raise \$70,000,000 which was stricken out by the senate was restored by the conferees and their agreement for a graduated zone increase on second class mail rates is estimated to raise some millions more.

Another large increase ordered was in passenger transportation and Pullman accommodation taxes. Amusements admissions also bear a considerable increase with senate exemptions of outdoor parks and their attractions rejected.

The senate provision exempting moving picture theaters charging 25 cents or less from taxation was changed and provision made for exempting only much cheaper theaters. The exact exemptions have not been disclosed.

Revenues from automobiles, patent medicines, perfumes and cosmetics, and other manufactures also would be increased by the conferees' agreement. The one cent stamp tax on bank checks, eliminated in the senate and estimated to raise \$10,000,000 is reported to have been restored to the bill.

Among important house provisions abandoned were the retroactive tax on 1916 incomes, estimated to raise \$108,000,000, for a general ten per cent tariff levy, estimated to raise \$200,000,000 and consumption on taxes on gas and electric and local telephone service, estimated to bring in \$30,000,000.

Another important action understood to have been taken was restoration of the special tax of 16 per cent on munitions manufacturers, elected to raise \$29,000,000. The senate provision for its repeal was stricken out.

FINAL RECOGNITION OF MEXICAN GOVERNMENT

MEXICO CITY, Sept. 27.—Henry P. Fletcher, the American ambassador, today received a letter from the United States government acknowledging the election and seating of Venustiano Carranza as president. This is the final move in recognition of the present Mexican government.

MONEY CONTROLS IN WAR.

In the end we shall see that is
always seen in a great war—that
the nation with the most money will win.
The U. S. possesses about one third
of the wealth of all nations and this
is a decisive factor. The outcome
was doubtful until the U. S. entered
but there is little doubt that the al-
lies needed money more than men.
As to the west, the people are daily
showing more of their disposition
to win this war.—Elbert Gary.

MORE WORK FOR WOMEN.

Every day come indications of
the increasing shortage of men
workers. A Detroit taxicab company
operating electric vehicles is now ad-
vertising for women drivers. They
will be employed only during the
day time and will receive just the
same wages as men. Every day now
opens up some new occupation to
women and they are meeting the
requirements promptly and efficient-
ly.

VARYING PATHS
OF PATRIOTISM.

The advice that President Wilson
and prominent Americans have given
urging the youth of the country to
continue their education "as usual"
has been emphasized in a new way
by President Lowell of Harvard.
President Lowell evidently recog-
nizes the patriotism and loyalty of
young college men and realizes that
an appeal to that very patriotism is
necessary in order to keep them in
their college classes. The path of
duty does not always lead to the bat-
tle front, and by no means all sol-
diers these days are wearing uni-
forms. President Lowell said:

"They say that the hardest job of
a soldier is to lie down and remain
still when he is under fire. You are
practically in that same position as
you remain here at Harvard while
other fellows are doing the fighting,
and it is your task to go steadily on
in your academic course."

THE REGISTRATION OF WOMAN.

People of Jacksonville will no
doubt appreciate the opportunity of
hearing Miss Harriet Vittum in ad-
dresses here this afternoon and eve-
ning. Miss Vittum who has been pro-
minent for a number of years in pub-
lic affairs, is a speaker of marked
ability. Those who heard her in an
informal address at the time of the

Jacksonville chautauqua are well
aware that she is a woman with a
message. Miss Vittum's addresses
here today will have to do particu-
larly with the registration of wo-
men planned by the National Coun-
cil of Defense. It is desired to list
all the women of the state accord-
ingly to their ability to render serv-
ice during the war time. The lists
thus prepared will in reality form
the basis for a very effective war aid
organization.

Miss Vittum and her assistants
have the plans well in hand and all
that is necessary to secure the de-
sired registration is for public
generally to get a thorough understand-
ing of the work which has been out-
lined.

AMERICA MUST
WIN THE WAR.

America's first task is to win the
war; all private, family and com-
munity interests must be subordi-
nated to that tremendous undertaking.

That has been the idea of the State
Council of Defense in all its activi-
ties; it is a doctrine the Council is
to proclaim in every community of
the State thru its Neighborhood
Committee. It is a doctrine to which
Gov. Frank O. Lowden subscribed
with all the force of expression he
can command.

Gov. Lowden has said frequently
that his great desire in life, when his
term ended, is to return to Sing-
sing, N. Y. to herd his flocks and
tend his flocks. But he adds:

"If we don't win this war I don't
care what happens to my fields;
nothing on earth matters if we don't
win this world-wide conflict."

There is something for the buke-
warrior especially to ponder. It is
something for all to remember and
work up to. And it should remind
all that for America to win, the
countries fighting with her must win
also.

SOLDIERS PROFIT BY
NAVY LEAGUE SCRAP.

The controversy between the
Navy League and Secretary Daniels
has been happily settled, at least so
far as the disposition of knitted gar-
ments is concerned. The secretary
some time since, displeased by
league criticism, made the radical
announcement that no gifts trans-
mitted thru the navy league would
be received by men in the navy.
The league had a large force of or-
ganized women at work knitting
sweaters and comforts and the wo-
men have simply transferred their
attention from sailors to soldiers.
Secretary Baker of the war depart-
ment in acknowledging the offer of
the Navy League women to knit for
the troops, expressed his apprecia-
tion of the offer made and author-
ized the quartermaster general to re-
ceive the knitted supplies from the
league women at the various quar-
termaster depots. The friendly let-
ter from Secretary Baker is quite in
contrast to the sharp order of Sec-
retary Daniels.

ROOSEVELT TELLS
UNPLEASANT TRUTHS.

It takes Colonel Roosevelt to
handle a situation with ungloved
hands. His speech before 18,000

army officers at Camp Grant fired
the men with enthusiasm and at the
same time impressed them with the
actual state of war unpreparedness
in which this country today finds it-
self. The colonel's address was in-
tensely patriotic but he minced no
words and pointed out clearly that
the administration's laxness in the
months before the war began is in
reality the reason for the present
undesirable situation. The colonel's
statements could not be classed as
carping criticism but are necessary
if America is to thoroughly awake and
realize the extent of its unprepared-
ness. Colonel Roosevelt declares
that it will be fully a year before
the U. S. has an army of men thoroly
equipped and experienced enough to
go against an army of 70,000 Ger-
mans. Officers in nearly all of the
camps are drilling with wooden guns
because rifles cannot be supplied
and in Camp Grant, where the
speech was made, there are only
enough rifles for one officer in three.

We hear much about aviation
corps and millions have been ap-
propriated for the development of
the aerial service of the U. S., but
Colonel Roosevelt's statement is that
the country now has just one aero-
plane manned and equipped in a way
to make it thoroly efficient for use
against the enemy. It is such start-
ling statements as these that make
the Camp Grant address notable.
Colonel Roosevelt's statements are
never of a kind that he cannot prove
and he is going to do valiant service
for his country in awakening the
people to the real situation.

POPULAR ECONOMICS.

War preparations have in no in-
stance occasioned more development
than in the railroad business of the
country. Figures presented from
time to time have made clear the
marked increase in efficiency of
both the passenger and freight busi-
ness of the railroads as a result of
the policies recommended by the
railroad war board and followed
faithfully by railroad managers
thruout the country. The road, to-
day, because of the methods intro-
duced, are doing more business with
less equipment than they did a year
ago. Aside from these economies
of operation there have been some
economies of service which the pub-
lic has looked upon with favor. This
is true in the dining car departments
of a number of railway systems. The
Rock Island line has inaugurated a
tray service for passenger coaches
and at meal hours waiters pass thru
the cars with coffee, sandwiches and
other eatables sold at regulation
"lunch counter" prices. This service
appeals particularly to the traveler
of modest means, especially if he
happens to be accompanied by mem-
bers of his family.

The railroads in increasing the
efficiency of equipment must depend
in large degree upon the co-opera-
tion of shippers. A part of this as-
sistance can be secured thru ser-
vice rules and part of it comes
thru appeal to patriotism. The Santa
Fe is one of several roads which has
this placard on every freight car:
"Load me quickly, load me to capac-
ity, unload me promptly and help
win the war."

WITH THE SICK

Miss Beatrice Dye, daughter of
Mr. and Mrs. Richard Dye, of West
Walnut street, who was operated on
at Passavant hospital for appendi-
citis, is getting along nicely.

Mrs. M. E. Richards of S. Main
street is slowly recovering from sick-
ness of several days.

A STRANGE GROWTH.

Guthrie Patterson brought to Lee
Alcott's drug store yesterday a
peculiar stalk of corn. It had no ears,
then place where the tassel should
be was a strange mass of curly
shoots, several long suckers sprouted
from the stalk and none had any
signs of grain on them but strange
growth like woolly bunches. It was a
stalk by itself, no other kind being
in the field.

Iowa, is visiting at the home of her
son, E. C. Carpenter on Hardin
avenue.

MORTUARY

Bryant.

Mrs. Alcinda Bryant a resident of
Jacksonville for nearly fifty years
died at her home 483 South Clay
avenue Thursday afternoon at 12:30
o'clock. Deceased was one of the
oldest and best known colored resi-
dents of the city. She was born in
Richmond, Virginia, December 22,
1828. When a child she moved with
her parents to Paris, Mo. She was
united in marriage in that city to
Hercod Bryant who preceded her in
death in 1905. They came to Jack-
sonville in 1868. Mrs. Bryant was
the mother of 12 children all of
whom preceded her in death except
Mrs. Nellie Robinson of this city.
Mrs. Bryant was a member of the
Second Christian church and had
many friends who will learn of her
death with regret. Funeral services
will be held from Second Christian
church Saturday afternoon at 2:30
o'clock with burial in Jacksonville
cemetery.

Minter.

Samuel Minter, a resident of 1200
H. avenue died at Our Savior's hos-
pital Thursday afternoon at 4:30
o'clock. Deceased was a veteran of
the civil war. The remains were re-
moved to the undertaking parlors of
J. G. Reynolds and prepared for
burial. The time of the funeral and
a more extended obituary will be
given later.

Davison.

Funeral services for Mrs. Frank
H. Davison were held Thursday
morning at 8:30 o'clock at the
church of Our Savior in the presence
of a large number of sorrowing rela-
tives and friends. Remains high
mass was celebrated by Rev. Father
F. F. Formax. The many and beauti-
ful flowers were cared for by Misses
Grace Leary, Katherine Sheehan and
Nelle Grant. The pall bearers were:
William Morley, Joseph Sheehan,
James Powers, John Johnson, Wil-
liam Craddock and James Flynn.
Burial was made in Calvary cem-
etery.

MATRIMONIAL

Ornellas-Pruden

Charles Ornellas and Miss Minnie
Pruden both of Jacksonville, were
married at 7:30 o'clock Thursday
night by Rev. Myron L. Pontius at his
home on West College avenue. Mrs.
Della Todd, a sister of the bride,
accompanied the young couple. Mr.
Ornellas is a weaver employed at
Capps' mills and he and his wife will
immediately occupy a home on North
Prairie street which is in readiness
for them. Many friends will join in
extending congratulations.

FRANKLIN SOLDIER TARGET

FOR MEXICAN SNIPERS.
Miller Keplinger, son of Mr. and
Mrs. M. B. Keplinger of Franklin
has written his parents an interest-
ing letter from Douglas, Arizona. He
is with Battery C, 11th United States
Field Artillery at that place.

Keplinger writes that recently
while on guard duty he heard a shot
on the Mexican side of the river and
looking across saw a Mexican sniper
fire five shots at him. Fortunately
the sniper's marksmanship was bad
and he was not hit. He says that
this frequently happens to Amer-
ican soldiers, but that military regu-
lations forbid them returning the
fire.

The young man also told of the
murder of the sergeant of his com-
pany by another soldier. The mur-
derer was apprehended. The mur-
dered man was buried with military
honors and the members of the bat-
tery contributed \$210 for flowers.

FOOTBALL GAME CALLED

EARLY SATURDAY AFTERNOON
The football game between Jack-
sonville high and Alton high will
be called at 1:30 o'clock Saturday

PLANS FOR GREAT

REVIVAL COMPLETED

Prayer Meeting Services Will Begin
Today—Choir Will Have One Hun-
dred Fifty Voices.

The general committee of the
Hanley-Fisher Evangelistic cam-
paign held a meeting in the Y. M. C.
A. Building last evening. T. M. Tom-
linson presided. Reports made by
the various chairmen showed that
the preparations for the great series
of meetings are nearly completed.

The entertainment committee is
still looking for suitable accommo-
dation for the members of the evan-
gelistic party. The building commit-
tee plan to construct a platform in
Grace church for the chorus choir
of one hundred and fifty.

A telegram was received yester-
day stating that Miss Mary A.
Robertson will arrive in the city on
Tuesday. She is coming to Jackson-
ville early for the special purpose
of extending and strengthening the
neighborhood prayer meetings.

The neighborhood prayer meet-
ings begin today. These services
are expected to continue for one half
hour only and the people of the city
are cordially invited to attend the
meeting nearest their own homes.

The list of homes and leaders is not
complete, but the meetings today
will be held in the homes announced
below. If the captains and leaders
do not have the postal cards prepared
for the field report of the meet-
ings, they are requested to report the
number present at each meeting to
Dr. F. B. Madden early Saturday
morning.

FARM NOTES

The Rain and Corn.

The rain which fell Thursday
morning was general thruout the
county. In many localities it put
fields in better condition for fall
plowing as the ground was in most
cases getting hard. However, in
cornfields not yet matured the rain
was not welcome as it will have a
tendency to keep the corn green and
the ears soft. If a sharp frost falls
within a few days the rain will not
do any special damage to the corn
but continued warm weather and
consequent growth are not desirable
for the late corn and a deferred frost
or more rain would tend to make
this late planted corn chaffy.

An Alfalfa Problem.

A number of farmers who planted
alfalfa in August in places where
oats had grown have been troubled
with a volunteer crop of oats. In
some instances where the oats had
been heavy and had been blown
down it was impossible to do the
usual job of cutting with the bind-
ers and so an unusual amount of
the oat seed was turned under when
the plowing was done for the alfalfa.
In some cases this has resulted in
such a growth of oats that there is
a possibility of the alfalfa being
choked out. In such cases the farmer
has the alternative of allowing
the oats to grow, hoping that the alf-
alfa will have sufficient strength to
hold its own, or he can clip the oats
at a point just high enough to miss
the alfalfa plants. In case this is

He says the fly has not been troublesome in his vicinity for some time and he regards the present a good time to sow fall wheat.

DAVID WARFIELD COMING IN THE MUSIC MASTER

The season's commanding event in local theatricals will be the appearance of America's popular actor, David Warfield, at the Grand Opera House for one performance, on Thursday night, Oct. 4th., in a revival of the famous Charles Klein success, "The Music Master." Just as Joseph Jefferson in "Rip Van Winkle" and Sol Smith Russell in "A Poor Relation" gave the American stage two figures which will be remembered as long as the present generation of theatergoers lasts and in the reminiscences and history of the stage will be mentioned for long years afterwards, so the Herr Von Barwig of Mr. Warfield in "The Music Master" will be recalled and lovingly cherished in memory and theatrical annals. The story of this celebrated Warfield success is known to almost every theatergoer, concerning, as it does, a sweet and lovable old musician who in his early life in Leipzig was a man of great ambition and promise. But in the hour of his greatest triumph, when his symphony had been played by his own orchestra, he returns to his home to find his wife and baby girl gone. Mr. Warfield's success in "The Music Master" is one of those comparatively rare instances of the art of a player devoting himself to the portrayal of a character which is built upon the lovable elements in human nature, and making the portrait so faultless, so true to life in its essential and detail, that it stands out among all other stage portrayures as a masterpiece supreme and unsalable.

FARM PROPERTY

Closed a deal Monday for two farms and a city property and another farm Tuesday. Who will be the next?
(A) A farm of 150 acres in the Sinclair neighborhood, mostly good farming land in high state of fertility and well fenced. There are two sets of improvements, one of which is a new bungalow of five rooms and a new barn, 40 feet square and the other a house of five rooms, good sized barn, corn crib and good necessary out buildings. Price 140 per acre.
(B) We have 160 acres in the Murrayville country much of which is level black land and strong productive soil, well tiled, and well fenced. There is a good set of improvements with plenty of fruit and a real country home. This is one of our best bargains at \$150 per acre.
(C) We have a nice little home, two and a half miles from the square containing 47 acres with a 5 room house, cistern, cellar, horse barn with concrete dairy shed adjoining and other out buildings. Nicely located and can be had for \$12,000.
(D) We have 160 acres one-half mile from a nice little railroad town, all level black land, 120 acres of which is now sown to wheat and in fine condition, and 40 acres in grass. There is a nice two-story house of seven rooms, a big fine horse barn and other buildings. \$125 per acre will buy the farm just as it is, wheat and all. The chance of a life time. If you don't come quick you've lost another of our best bargains.
(E) 120 acres all deep black soil, well tiled, one-half mile from shipping point, nice two-story house, modern throughout, big horse barn, cow barn, silo, garage and everything needed for a complete farm home, \$260 per acre. Will furnish a loan of \$15,000 on the farm.

The republicans of Jacksonville precinct met in the circuit court room Thursday evening pursuant to the call of the chairman and secretary of the county central committee and nominated candidates for Justices of the peace and Constables to be voted upon at the November election.

Charles B. Graff chairman of the committee called the meeting to order with Fred L. Gregory secretary. M. L. Hildreth was chosen chairman and George W. Davis secretary of the meeting. On motion of C. B. Graff the following nomination of candidates was proceeded with and the following were nominated:

Justices of the peace, A. B. Opperman, J. A. Crum, Amos Henderson, C. O. Bayha and W. T. Dyer.

Constables, James Trahey, B. T. Scott, William Reynolds, Charles Howard and C. F. Tonn.

In each instance the candidates were elected by acclamation on motion of Capt. J. M. Swales seconded by S. A. Fairbank.

INDOOR PICNIC GIVEN AT WINCHESTER

Masson Hall Event Drew Large Company—Lad Injured By Fall From Wheel—News Notes.

Winchester, Ill., Sept. 27.—Members of the Eastern Star enjoyed an indoor picnic Thursday evening at the Masonic hall. The gentlemen furnished the refreshments on this occasion and as is usually the case at such a gathering a most enjoyable evening was spent.

Mrs. S. G. Smith gave a bridge party Thursday afternoon from three to six thirty o'clock to a large number of ladies. A most delightful afternoon was enjoyed by all and at 5:30 a delicious luncheon was served.

Russell Bailey, aged nine years, met with a painful accident Wednesday morning. He ran across the street near his home in front of Elwood Funk, who was riding along on his bicycle. Funk was unable to keep from hitting young Bailey and the latter was knocked down and badly bruised. Fortunately there were no bones broken and Russell will probably be able to return to school today.

Mrs. J. M. McCarty left Wednesday night for Chicago, where she expected to attend the funeral of her niece, Miss Margaret Brown.

The sophomores of the high school surprised Miss Helen Violet at the home of her aunt, Miss Mabel Violet, Tuesday evening. Games and a pleasant social time was enjoyed during the evening. Refreshments were served, the young people bringing an abundance of good things to eat.

Charles Hale of Springfield was a business visitor here this week.

Mrs. Len Violet took her household goods to Parsons, Kan., Wednesday and she, with her son and daughter, expect to leave soon to make their new home in the Sun Flower state.

Z. M. Danners moved his undertaking establishment Wednesday from Main street to the store building recently occupied by Carl Woodfall.

Attorney J. O. Priest of Jacksonville was a business caller in Winchester Wednesday.

Mrs. Mahlon Moore and daughter, Mrs. Newton Beavers of Bluffs, were visitors here Thursday.

Miss Louise Frost entertained a number of young ladies Wednesday evening at a 6 o'clock dinner in honor of her cousin, Miss Sybil Smith. After dinner bridge occupied the hours.

Emery Beird, editor of the Bluffs Weekly Times, was in Winchester attending to business interests Thursday.

Fourth Ward Parent-Teacher's Meeting.

The Parent-Teacher's meeting of the fourth ward was held yesterday evening in the Washington school building with a good attendance. In the absence of the president, Mrs. W. D. Roberts, Mrs. Bradley occupied the chair. Mrs. Owen Graff, secretary, read the minutes of the preceding meeting after which Mrs. Hackett Wylder favored the meeting with a number of group songs accompanied on the piano by Miss Carrie Dunlap. Mrs. A. L. Adams spoke on the importance of the registration of women in the Council of National Defense. Mrs. J. H. Danskin spoke on the proposed new constitution of the state and gave a demonstration of the manner in which trench candles are made for the soldiers in France. Following this came adjournment and a social hour during which refreshments were served. Attention was called to the lecture of Miss Vittum at the library building Friday at two p. m.

Farewell Party for Mr. and Mrs. Wasner.

Mr. and Mrs. George Wasner, who are soon to leave for a home in Michigan, were given a pleasant surprise recently. A company of about thirty of their friends and neighbors gathered at their home and spent several hours with games and dancing. The affair was planned by Miss Hazel Green and Fred Flynn. Musical numbers were furnished by John Davenport, Charles Davenport, Charles Settles and Harry Bulcher. In the course of the evening dainty refreshments were served. All left wishing Mr. and Mrs. Wasner much happiness in their new home.

G. L. ELLIOTT WRITES FROM CAMP TAYLOR

George L. Elliott, one of the Morgan county soldiers who left for Camp Taylor Saturday, has written his sister, Mrs. Fred McDougall, that the men are all comfortably located. Mr. Elliott says that the men are all pleased with the rations and equipment and that the officers in command are treating them with consideration. The soldiers from Morgan and Jersey counties are in the same barracks and already they are striking up friendships. According to the present plan the men will have Sunday and two afternoons a week off from their duties on the hospital corps to which they have been assigned.

PRESENT DAY RUSSIA IS STEFFENS' THEME

FAMOUS TRAVELER AND AUTHOR DISCUSSES WAR CONDITIONS THERE

People Take Rights Under New Order Very Literally and Believe in Absolute Democracy—Economic Problem Termed as Basic—U. S. Must Show Spirit of Seeking Knowledge.

An audience of more than 500 people was present at Central Christian church last night to hear Lincoln Steffens lecture on "The Russian Revolution and Its Meaning to the United States." Mr. Steffens reached Jacksonville Thursday morning after several hours was the guest of F. H. Bode and other friends. At noon he was entertained at the Woman's College and gave the young women of the college a brief but interesting word picture of Russian affairs.

Prior to the address in the auditorium of the church last night supper was served to a company of 100 people. The invocation was by Dr. Joseph R. Harker and following the serving of an excellent menu by the pastoral helpers, Rev. M. L. Pontius introduced Mr. Steffens, who spoke informally for ten or fifteen minutes. All of his public utterances while in Jacksonville had relation to his study and observations in Russia. He but recently returned from Petrograd after a stay of several months.

Absolute Democracy. At the close of the lecture an opportunity was given for questions and a general discussion of Russian questions resulted. When someone in the audience asked about the equipment of the Russian army—how the forces compare with those of Germany—Mr. Steffens replied that he was not a war correspondent and that he had no accurate knowledge of the equipment of the armies. By this answer and in statements made at intervals throughout his address the speaker made it clear that he had devoted his time in Russia to observation of the people and a study of economic problems. Mr. Steffens impressed upon his audience that the Russian people have taken their new rights very literally. They want not only liberty but an absolute democracy which recognizes the communal interests of all. It is his observation that Americans are cordially received if they come with the attitude that they wish to advise and also to learn and do not come in the spirit of having solved all of the problems of self-government perfectly.

Cossacks Become Friends of People. Mr. Steffens traced briefly the growth of the revolution and recounted some of the events of the seven days of terror. "The first street disturbances were when the people formed in bread lines and were jostled by the police for the very purpose of creating an uproar." (Here the speaker mentioned that he had seen the same thing done by police in American cities in connection with strikes.) "The people formed in these immense lines because they were hungry and because in no other way could they get bread. Spontaneous order was added to the throng and then when the disturbances came the police would act. In a few days time the crowd in the streets had grown until it was a fact that practically all the people were in the streets. Then the government called out the troops to disperse the people. The mounted Cossacks came. They rode out into the crowd but instead of trampling and killing they treated the people considerately. Soon it appeared that the Cossacks were upon the side of the people. They joined in the pursuit of the police and from that moment the revolution was on. The police were driven to the tops of buildings and there it developed that machine guns had been placed by the police in preparation for just such an event.

Deeds of Violence Few. "The people, finding themselves with power, took it very literally. They killed some officers, discharged a larger number and raised a still larger number to higher positions. Kerensky became the man of the hour. He said 'Shall we kill the czar and the army officers? No. That would be doing what the government did. We must do none of those things that the government has done to you.' That sentiment has become a sort of slogan and the people generally want none of the deeds of violence which have marked the history of the government. It was very remarkable that when these great herds of trampling people captured the police who had murdered their comrades they did not kill them but took them before the дума or a committee of the дума in an orderly way and had them tried. At first there was thought of a limited monarchy. They intended to ask the czar to abdicate and to have Grand Duke Nicholas serve as the head of the government. Then in a comparatively few days there came the realization that the people really wanted a democracy. The soldiers' and workmen's council was formed and all power is really vested in that organization.

Wrong Acts Result of System. "I talked with many members of the дума and they are seeking a sane and economic democracy. They deem it unjust to punish a man for graft or misdeeds in office now because they believe that that man is a victim of circumstances—that the system must be corrected if the desired results are attained. They believe in division of land and that man should not obtain by mere possession the social value that is added to the natural value of land because of the demand which comes for it thru passing years. So they are dividing the land, peasant and landlord. They have not yet hit upon a division which they consider will be thoroughly equitable thru the years, and so their present arrangement is simply for one year with the understanding that at the end of that period plans for land division will again be considered. "The Russians believe in free

speech literally. They may disagree thoroughly with the agents of the German government who are busy spreading German propaganda. They may recognize that these men are the enemies of a democratic form of government, yet they insist that these men must be heard. One fact which has done much to disintegrate the Russian fighting forces is that the word has gone out to a million men that the reason peace cannot be had in the present war because of some secret treaties among the allies providing for certain allotments after the war.

Want Lasting Peace. "During all my stay I never heard of a separate peace for Russia. They know that there is no peace except world peace. They want permanent peace. They read history and they are against a next war. They realize that only public opinion—only the people in every land—can prevent such a war from occurring. The Russian people will ask that at the close of this war when any man goes to establish a business in another country that he pass under the laws of that country and so he will be prevented from bringing on international complications by demanding protection from the government of

his native land. Russia believes that in this way each nation will do the work, commercially speaking, which it is best equipped to do, and so in the passage of time each nation will become so dependent upon the other nations that a great war will never again be possible.

"When we send to Russia it must be with the thought of helping and also of being helped. We must recognize that all our own problems of government have not been settled."

BATTLE CREEK HOMES OPEN TO SOLDIERS

Jacksonville people will remember Miss Yeakle, some years ago an instructor in physical work at the School for the Blind. Miss Yeakle is now resident in Battle Creek, Mich., and in a recent letter to Miss Anne Jackson she tells in an interesting way of the progress made on the army cantonment near that city. Work has been pushed as rapidly as possible on the buildings but they are not yet all ready for occupancy. In fact, the accommodations are not sufficient for the soldiers who have already been sent to the camp. As a result the city authorities of Battle Creek are urging every citizen to give up at least one room for the housing

of soldiers. Even if this request is complied with there will not be sufficient room, for the total population of Battle Creek is not equal to the army population. Visitors who go to Battle Creek now will be obliged to camp on sidewalks or in attics, and even in the latter place they will not have much chance for many of these same attics are now decorated with rows of children's cots.

HAXTON CASE CONTINUED. The case of Walter, alias "Pete" Haxton was called before Justice Dyer yesterday and was continued owing to the absence of State's attorney Robinson to Monday, October 8 at 9 o'clock. Haxton is charged with selling liquor in local option territory.

DEFENSE COUNCIL OPENS
CHICAGO SOCIAL CENTER

Women's Committee of Council of National Defense Inaugurates Move to Educate Foreign-Born Women in Congested District—Work May Go on Indefinitely.

Mrs. Raymond Robins, chairman of the Committee on Women and Children in Industry of the Woman's Committee of the Council of National Defense, Illinois Division, has this week opened a social center in the seventh ward—Chicago's most congested district, where within a square mile live 72,000 people, mostly foreign-born. Poles, who are slow to learn English and suspicious of new ideas, predominate.

It is with a view of educating these Polish women in two important directions that the move has been made. Very gradually they will be taught that public school education is not only free but essential, and that their children should be allowed to remain in school until they are fourteen. This is for the mothers. The girls will be told in war times men workers are scarce, and that they who will be called upon to take the places of men in the great industrial plants must not undersell themselves, but must demand man's wages for man's work.

Will Explain War and Draft Work
A Polish interpreter will be constantly at the center, and well-known speakers will give talks almost daily. The women will be encouraged to ask as many questions as they wish and to come for advice whenever they need it. Any phase of the war or the draft they do not

understand will be explained to them.

Coffee and sweet crackers will be served and knitting needles and wool provided for those who wish to do a little work for their adopted country. A player piano has been donated and, with a view to arousing patriotism, American and Polish songs will be sung. Gradually patriotic ideas will be emphasized and a sense of duty towards the new country aroused.

The room is pleasant and at the beginning coffee and conversation will be more evidence than education and hard work. Later, when confidence in new ideas is established more firmly, the real object of the enterprise will come to the fore. Later, too, a Polish translation of the Child Labor Law will be explained carefully and repeatedly.

The room will be open from one until nine o'clock daily until Registration November 5th, and, if the experiment is a success, the work will go on indefinitely.

Industrial Committees throughout the state would do well to try a similar experiment. Further information may be had from the Committee on Women and Children in Industry of the Illinois Woman's Committee, Council of National Defense, at 129 West Adams Street, Chicago.

YOUNG PORTUGUESE
CITIZEN TO WED BY MAIL

LICENSE SECURED HERE WILL BE REGISTERED IN FUNCHAL

Manuel E. Camacho Expects to Enlist in War and so Wants to Marry Childhood Friend—Law of His Homeland Permits Marriage Rites by Mail.

Manuel E. Camacho, of Jacksonville, yesterday secured a marriage license from County Clerk Boruff to wed Miss Maraido Nascento Rodrigues of Funchal, Island of Madeira, Portugal. The marriage ceremony will take place by first class mail. Whether this plan of procedure will be recognized in the United States as legal is doubtful, but under the laws of Portugal, Mr. Camacho may appoint some one living at Funchal and give him the power of attorney.

The marriage license secured here will be forwarded to this attorney by mail. It will be legally recorded at Funchal. This is only allowable, it is understood, where a man is a property owner in Portugal. Mr. Camacho owns some property there and thus is entitled to make use of this provision of the law.

Mr. Camacho is 22 years of age and his bride 18 years old. He has been a resident of this city for the past seven years, it is said, coming here directly from the old country. When he left his bride at Funchal he was therefore but fourteen years of age and she but 11. Mr. Camacho is considering enlisting either in the United States army or navy and this wedding, legal under Portugal laws, is probably occasioned by that fact. If misfortune should befall Camacho during his period of service his wife will receive his property and be entitled to a pension.

LOCAL BOARD RECEIVES
EXEMPTION RULING

Men Need to Harvest Crops Should Be Kept on Farms as Long as Possible.

The local exemption board Thursday received the following communication from the adjutant general regarding temporary exemption cases. The letter follows:

"Miller Weir,
"Morgan County Exemption Board,
Room 200 Ayers Building.

"Full advantage should be taken of the authority already granted to local boards to select individuals who shall compose the successive contingents of their quota in order that the men needed to harvest the crops may remain on the farms as long as possible. The provost marshal general while fully understanding the emergency indicated in your telegram must produce at the mobilization camps the required percent on the dates fixed in orders from the administration. If the military need for the early mobilization of the complete quota shall later be regarded by administrator as less urgent orders will be transmitted through me to you, looking to the further relief of the situation present.

TO HONOR OLD SCHOOL
THEATRICAL MANAGER

Edward E. Rice to be Recipient of Testimonial Performance in New York—Theatrical Career Covers Forty Years.

New York, Sept. 27.—Edward E. Rice, father of the extravaganza form of entertainment and one of the most widely known men in the theatrical profession in America, is to be the recipient of a testimonial performance in this city a few weeks hence which is expected to be one of the biggest affairs of its kind ever pulled off in the metropolis, and will be if it is in keeping with Mr. Rice's popularity and acquaintanceship. The performance is to be given in celebration of Mr. Rice's 40th year of theatrical activity. Raymond Hitchcock is in charge of the preliminary arrangements and has offered his new Forty-fourth street Theater for the performance.

Edward E. Rice is one of the few surviving theatrical managers and producers of the old school, whose careers invariably were marked by many ups and downs. At some periods of his career his fortune has been well up in six figures. At other times he has been flat broke. His financial principles have always been of the simplest. When he had a success on the stage he made money; when he had a failure he lost it; if he had it to lose; when he had money anybody who came first could get it, creditor or borrower, the latter preferred, when he did not have it nobody could get it; how could anybody? Even a chorus girl could see the immutability of that condition.

Career Was One of Ups and Downs.

Chorus girls are a snippy lot at times they got impatient about their pay when it was overdue and they needed it, and were so unreasonable as to forget that there was no possibility of their having it when there was no pay for anybody. Then, sometimes, they threatened to make it uncomfortable for Mr. Rice. They threatened this in his absence. In his presence he readily persuaded them that when it was not in his power to pay them they gained nothing by making him uncomfortable. It has been said that chorus girls who want to threaten legal and other annoyances have actually lent Mr. Rice money before coming away. For chorus girls are a good hearted lot with all their faults, and they always liked Mr. Rice, who employed them when he needed them and paid them when he could.

Nobody could ever tell when Mr. Rice was making money and when he was losing it. With some managers it is easy to tell. Some of them get cross and disgusted with the world and sarcastic about life and the decadence of art when they are losing money. Some, on the other hand, try to be particularly jovial

and overdo it. But Mr. Rice is not like that. He buys whatever he thinks he and his friends need to drink, but nobody can tell his financial standing by it. Some times the theatre where one of his companies was playing was crowded to the doors all the time, and at the end of the season it was found that he had lost money straight through, all the people present having been deadheads. Then again the theatre would appear to be almost empty, but Mr. Rice would prove to anybody who ventured to offer sympathy that the house was so full upstairs that the firemen had made him stop selling standing room tickets, the only trouble being that the play was a little over the heads of the class of people who buy high priced seats.

Is Natural Musician.

Mr. Rice is a natural musician, just as he is a natural financier. He will sit at the piano and compose music by the hour, playing it as he goes along. The most of the airs that he has composed in this way, are, of course, never heard again, but if he happens to be particularly pleased with the sound of one he will play it again before he forgets it, write it down and keep it, and some time, when he is putting the music to a new burlesque, it will be handy.

Mr. Rice's first great success, as everybody knows, was "Evangeline." He has often told his friends that he composed over eight hundred melodies for that piece, and from that mass the ones finally used were selected. It is not likely that anybody so prodigal of airs as that would be small in money matters.

CANNOT HUNT IN PUBLIC HIGHWAYS

Many sportsmen perhaps think that the bill prohibiting hunting in the public highways has been vetoed by Governor Lowden. This, however, is not true. The law still stands and is in effect. The governor did not approve of a number of amendments to the game laws but the bill to prohibit hunting in the public highways was separate and distinct bill and became a law. It prohibits not only hunting on foot and in automobiles and other vehicles by day or night but also the discharge of firearms in the highways. A heavy penalty is provided for violation of the law and hunters should govern themselves accordingly.

BANKERS WILL AID IN FLOATING BOND ISSUES

President of American Bankers Association Gives Assurance that the Banks of Country Will Give Government All Possible Assistance.

Atlantic City, N. J., Sept. 27.—Assurance that the American Bankers Association stands ready to give the government all the assistance possible in the flotation of future bond issues, was given by Peter W. Goebel of Kansas City, Kas., president of the Association, in an address he delivered here today before the annual convention of that organization. He said:

"All the banks of the country have extraordinary duties to perform in these trying times. They have assumed these new tasks willingly. One of them is to assist the government in the sale and distribution of war loan bonds. This duty naturally falls to the banks. The banker is the financial adviser of his community. To him the people turn even when the government calls and patriotism dictates. The financial machinery is under his control. So when the Secretary of the Treasury called on the banks to assist in floating the two billion dollar Liberty Loan issue, the banks, with scarce-

any exception, devoted their entire energies to the task and greatly aided in the achievement of the splendid success of that campaign. Co-operate with Federal Reserve Banks.

"The American Bankers Association stands ready to give the government similar assistance in the flotation of future bond issues. The organization should not again undertake to finance such activities and it will probably not be necessary. The Federal reserve banks, as the governmental agencies for selling and distributing war loan bonds, have had experience and ample time in which to perfect organizations for this purpose. The Association will co-operate with them in every way possible. There are undoubtedly some things the Association can do better than any other organization, and it remains only to have these things assigned to it as its work in aiding to raise funds to carry on the war.

"The loan operations of the government are in proportion to its vast military operations. We have undertaken not only to pay our own bills, but to advance funds to our allies. It is idle to give figures. They are incomprehensible. So far, the funds advanced have been expended in this country. Soon the payment of the troops will call for large expenditures abroad. The food and munitions for our armies will not be paid for by others. To supply these necessities, production must be greatly increased. It is obvious that we must change our ways if we are successfully to perform that which it is set for us to do. We must stop skimming off the cream and use all the milk.

Must Save and be More Competent.

"The only way the people can produce the funds with which to supply the government is by thrift. Thrift means the wise and wasteful use of our resources. It applies as well to the employer of labor as to the wage earner. It demands the effective use of machinery, of soil, of mines, of forests and of men. We need thrift in the productive processes as well as in consumption. Thrift means greater production as well as wasteless consumption, so we must save and become more competent."

Discussing the recent change in bank reserve requirements, Mr. Goebel said that fear of an undue credit expansion and currency inflation frequently have been expressed. He said:

"Under the existing condition, it seems to me that both credit and currency expansion are necessary. We are all inclined to measure the possibilities in such a case by the disastrous experiences that attended expansion or the need for it under the old system. We must remember that we now have the machinery by which the tendency to expansion can be controlled, and we have watchmen. Under any plan of banking, confidence must be placed in some human element. No automatic system for the regulation of credit has yet been devised; none is possible. The situation, as I view it, is perfectly safe, provided we exercise good judgment and requisite care. We now control the system. It no longer controls us."

Asserting that the railroads of the United States had been most patriotic in responding to the demands of the government, Mr. Goebel said: "It seems to me that the real reason for the failure to have a reserve which would permit the railroads to meet that emergency. The greatest difficulty is found in moving commodities. The long campaign of repression is bearing bitter fruit. The situation bespeaks the need of justice for the railroads, of fair rates, of liberal treatment and of the summary discontinuance of persecution."

ROOSEVELT GIVES VERSION OF SECRET CONFERENCE

Relates to Occupation of Venezuela By Germany in 1902

Colonel Tells Story for First Time in Address at Luncheon in Chicago—German Government Concludes to Arbitrate Matter.

Chicago, Sept. 27.—Colonel Roosevelt today gave his own version of the secret conferences he held with the German ambassador in 1902 relating to the occupation of Venezuela by Germany, an incident that then threatened to bring on a war between Germany and the United States. Colonel Roosevelt told the story for the first time, he said, in an address at a luncheon.

"It was about a year after I took office," Colonel Roosevelt began. "Germany was then engaged as she had been for years in striving to extend her dominion all over the world. She had in view certain chosen positions in South America. That was why Germany was the strongest foe of the Monroe doctrine. She aimed to turn South America into a German appendage. Venezuela at that time had a dictator named Castro, commonly known as the 'Monkey of the Andes.'"

Did Not Define Permanency.

"I was determined that Venezuela should not become a German possession. Germany said it was not to be permanent and did not define what was meant by permanency. I permitted John Hay to write a number of notes and then decided to handle the matter myself. I sent for the German ambassador and said to him:

"This Venezuela business has been going on long enough and I cannot afford to let it get to the point where it will cause trouble for this country."

"At that time England was backing Germany and, while I had both against me I paid little attention to England, but kept my eye on Germany. It was the last flicker of England's antagonism to the United States."

"I called the attention of the ambassador to the fact that Germany had a squadron of warships near Venezuela threatening the mouth of the proposed Isthmian Canal. I demanded a statement of what Germany meant by temporary possession saying I did not propose to have any 99 year leases."

"The ambassador told me he did not feel he was at liberty to discuss such an important question. That conference wound up with the following ultimatum:

"Tell your government that in ten days it must arbitrate the matter or I will send Dewey down there. Thirty days before I had ordered Dewey to take our fleet into West Indian waters just for a friendly cruise you know."

"I cannot send such a message, Mr. President, I do not think you realize what it means," the ambassador replied.

"You think it means war?" I asked.

"I don't want to say what I think," was the reply.

Had Not Sent Message.

"If it means war, you have chosen the one spot where you cannot fight us," I replied, and then I showed by map our commanding position. When he retired I sent word to Dewey to be ready to sail on an hour's notice. About a week later, the Ambassador called on me and talked about the weather and tennis and when I asked about the Venezuela answer he admitted that he had not dared send the message.

"I then told him that instead of allowing the three days that remained for an answer I would order Dewey to sail in 48 hours. He told me it would be an awful thing for this country."

"Yes, but it will be more awful for your country," I replied.

"Inside of 36 hours, he came back smiling and said he had received instructions from the German government that they would arbitrate."

NOTICE TO CONTRACTORS

Bids are hereby asked by the City of Jacksonville for the construction of certain sidewalks on the following: Myrtle, East North, Chambers, Mathers Street and East College street and Ashland Ave. Sidewalks are to be constructed adjacent to property where owners have failed to comply with sidewalk ordinances. ROOSEVELT MAKES PLEA FOR UNDIVIDED LOYALTY

Urges That People of U. S. Regardless of Foreign Parentage, Be True Americans—Speaks on "The Hun Within Our Gates."

Racine, Wis., Sept. 27.—"I wish we could send to Germany the neo-copperheads of today and especially all those congressional and editorial copperheads who have taken the lead in directly or indirectly preaching disloyalty to our country's cause while at war, and giving aid and comfort in this crisis to the public enemy," Theodore Roosevelt declared in his address, "The Hun Within Our Gates," delivered tonight before the annual meeting of the League of Wisconsin Municipalities in this city.

"It is these treacherous enemies of our own household who are responsible for the fact that we are now in danger from the foreign foe. It is the Hun within our gates from whom we have most to fear, for he is the tool and the ally of the Hun without."

Traitors Not All One Class

"It matters not whether he is a wealthy man who organizes peace societies or fits out peace ships in order to bring out a peace that would be in the interest of the brutal aggressor and would inflict lasting shame and wrong upon us and upon all civilized mankind; or whether he is a foolish pacifist agitator whose activities are increased and rendered more noxious by the patronage of a wealthy man; or whether he is an I. W. W. leader who is against all government and all civilization and all orderly liberty and does the work of Germany against us exactly as if he got the chance he would do the work of the worst tribe of barbarians against us, or whether he is a German socialist, who in this country has helped turn the socialist party machine into a tool of the German autocracy and an enemy of American liberty and democracy, and also of liberty and democracy throughout the world, or whether he appears at the head of some German-Austrian alliance or similar organization which, openly before the war and now more covertly but no less dangerously, works for Germany against America."

"There isn't any more room for a fifty-fifty alliance," Col. Roosevelt asserted in advocating the suppression of the pro-German press. He urged that the people of the United States regardless of foreign parentage or extraction give an undivided and absolute loyalty to this nation and be true Americans.

TO URGE PROMPT ACTION FOR RIVER IMPROVEMENT

Organizations Interested in Improvement of Illinois River Plan Meeting at Peoria.

Chicago, Sept. 27.—Members of the waterways committee of the Illinois Manufacturers Association, the Chicago Association of Commerce and other organizations interested in the improvement of the Illinois river decided at a meeting here today to issue a call with the Peoria Association of Commerce for a general meeting at Peoria soon to agitate prompt action for the improvement of the river. The conference will seek to co-operate with Governor Lowden and Leslie D. Puterbaugh, director of the department of public works and buildings. The development of the river, it was decided today, was essential in helping remove the transportation congestion due to war activities.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

An attractive skin wins admiration. In social life and in business the girl or woman whose face and hands show evidence of constant care enjoys a tremendous advantage over those who do not realize the value of a healthy skin and a spotless complexion.

At a cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.—Adv.

Winning confidence

THAT'S a bigger thing than just getting your business. "Your confidence" is what we are after.

It might mean telling you that we didn't have "the exactly" right thing for you. We'd rather not sell you than give you the wrong thing.

It means giving values and watching out for your interests; it means returning your money when you're not satisfied.

QUICK—HANDY—LASTING

The 1918 STUTZ CARS

(The Stutz Motor Car Co.'s Own Statement)

The 16-valve 4-cylinder Stutz Motor is the result of several years' practical and successful experience, under our own personal management, having met all competition on special constructed Speedways and rough roads. This motor is not a one night's dream, but the result of exhaustive tests obtained from laboratory and actual road tests at low and high speed, as well as for general economy. The sturdiness of construction, the careful workmanship, the best quality of material, insuring dependability and efficiency is evident in this motor, and is characteristic of Stutz design.

The T head type motor is used, as our past experience has taught us that while the valve in the head construction is slightly more powerful, it has a number of objectionable features which favor T head construction.

The valves in a 16-valve 4-cylinder motor are of smaller size eliminating the possibility of warping and crystallizing from high speed service. The wear on the cams and valve mechanism is reduced very materially. The valve area is greater, however, affording longer duration of maximum gas flow and cleaner scavenging, valve efficiency being of more importance than increased number of cylinders.

In summary, this motor affords high power, speed, flexibility, simplicity and especially smoothness and economy in operation, and is capable of performing every demand of motor car users.

RED SOX DEFEAT ALL-STAR TEAM

BOSTON, Sept. 27.—The Boston Americans today defeated 2 to 0, an all-star team, recruited from leading players of the American League with Maranville of the Boston Nationals at shortstop. The entire proceeds went to the family of the late T. H. Murnane, who until his death last winter was considered the dean of American baseball writers. The receipts were well over \$14,000.

With two out in the eighth inning Manager Barry of Boston singled to left off the delivery of Johnson of Washington. Hoblitzel singled over second and both men scored on Lewis' trip to right center.

Cobb, of Detroit, Speaker of Cleveland, and Jackson of the Champion Chicago Americans played the outfield for the all-stars and contributed sensational plays. McInnis of the Philadelphia Athletics was at first, Chapman, the Cleveland shortstop at second, and Weaver of Chicago at third. The score by innings:

WORLD'S SERIES FACTS.

Twenty-six home runs have been scored in the world's series played between the National and American league champions since 1903.

The White Sox hold the record for errors in a world's series game. They made six in one game against the Cubs in 1903 and won the game. Catcher Hank Gowdy, of the Braves, hit for the remarkable average of .545 in the 1914 series, which the Braves won from the Athletics.

Boston holds the attendance record for a single world's series game. In the Red Sox-Brooklyn game at Boston on Oct. 12, 1916, the attendance reached 42,620 persons.

While a member of the Athletics, Frank Baker, now with the Yankees, hit two home runs in the Athletics-Giants series of 1911.

Frank Isbell, the old White Sox first baseman, made four two-base hits and scored three runs in a game of the 1906 series between the Sox and Cubs.

Pitcher Babe Adams, of Pittsburgh, won three games from Detroit in 1909, virtually pitching the Pirates to the world's championship.

Christy Mathewson, while a member of the Giants, pitched the shut out games against the Athletics in the series of 1905.

Boston teams have won every world's series in which they have contested. The Red Sox have won four and the Braves one World's championship.

Ed. Reulbach holds the pitching record for the big series. Pitching for the Cubs in 1906 he allowed the White Sox but one hit, the Cubs winning the game 7 to 1.

Chief Bender, pitching for the Athletics in the series of 1911, struck out eleven of the Giants in eight innings.

The game of Oct. 9, 1916, at Boston, by going 14 innings broke all records for length in the World's series of 2 to 1.

Pitcher Jack Coombs of Brooklyn is the only player who has represented two leagues in the world's series. Coombs pitched for the Athletics against the Cubs in 1910 and for Brooklyn against the Red Sox in 1916.

Baseball fans to the number of 1,701,277 have expended \$2,874,204 to see the thirteen world's series games played since 1903.

World's series figures show that the American league teams have won eight championships and the National league teams five. Of the total number of games played the Americans have won 38 and the Nationals 34. Two games in the entire series have ended in tie scores.

Cincinnati, O., Sept. 27.—Cincinnati hit Hughes hard in the second inning and won the final game of the Boston series here today 6 to 4.

"Pape's Diapiesin" is Quickest, Surest Stomach Relief Known—Try It!

Time it—Pape's Diapiesin will sweeten a sour, gassy or out-of-order stomach within five minutes. If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

SEVEN HEATS NECESSARY TO DETERMINE WINNER

Two-Thirteen Trot Still Unfinished at Columbus—Two Favorites Defeated.

Columbus, O., Sept. 27.—A seventh heat will be necessary to determine the winner of the 2:13 trot unfinished today when darkness came. Grand circuit judges convinced that the race might have been ended in victory for Doris Watts, had Driver Lee tried to win, took charge of the mare overnight and another driver will handle her tomorrow.

In the 2:15 trot of which five heats were raced on Wednesday Michaelowa won the deciding heat today. Stout apparently did not try to win with Lotto Watts. All bets after the fifth heat were declared off. Sentence on Stout was reserved until tomorrow.

Two heavily played favorites were defeated today. In the free for all pace Williams failed to finish inside the money and Miss Harris M. won. Peter Nash lost the Arch City 2:10 pace, purse \$3,000. Ben All winning in straight heats.

Summary:
2:15 class trotting. Purse \$1,000 Unfinished from Wednesday.
Michaelowa, (Serrill) won; Lotto Watts, second; David Look, third.
Best time, 2:07 1-4.

Arch City 2:10 pace. Purse \$3,000. Ben All, (Pittman) won; Little Battice, second; Peter Nash, third.
Best time, 2:03 1-4.

Free for all pace. Purse \$1,200. Miss Harris M. (McDonald) won; Ben Earl, second; Hal Boy, third.
Russell Boy also start.
Best time, 2:02 1-4.

2:11 trot. Purse \$1,000. General Yorke, (Nichols) won; Janette Speed, second; Sandy, third.
Best time, 2:09 1-4.

2:13 trot. Purse \$1,000. Mendoza T. won 4 and 6th heats; Doris Watts won 3rd and 5th; Peter Dallas won first and Direct Forbes second.
Best time, 2:08 3-4.

FRENCHMAN VISITS AMERICAN CAMP

Paris Newspaperman Writes of His Visit to Training Camp of U. S. Expeditionary Forces.

America's Training Camp in France, Sept. 27.—The Paris correspondent of Reuter's Limited, writes the following account of his recent visit to the training camp of the American expeditionary force.

"I asked an English drill sergeant who had just given a bunch of sixteen American subalterns a breathing spell after some particularly strenuous exercises, what he thought of his charges.

"What do I think of these 'ere young gentlemen, Sir? Why Sir, we've just had 'em in six days and look at 'em. They're training on beautiful."

"The best thing about 'em, Sir," he went on with professional pride, "is that they're keen as mustard. We can't give 'em too much. They eat it up. At it eight hours a day and ask for more and you could see for yourself, Sir, 'ow we made 'em 'ustly 'ut 'em in 'em see, Sir, 'ow we do it in out little army."

"I was on a visit to one of the several camps somewhere in France where the American army is in training. After lunch with the division commander, a simple but ample meal with a water washdown—as I am told it is in every mess—he invited me to come with him to see how your English sergeant major takes my aide over there and the rest of the school of officers and makes them run around."

"We stood later on a smiling hillside while the general pointed out where they had constructed in a deep three short lines of trenches, ending at a rise of some hundred yards off.

"Those points you see in the sun on the opposite slope," he said, "are tin cans on stocks. You will know their use in a minute or two."

"Ready gentlemen," said the drill sergeant. "Prepare for trench bayonet practice. You're to take these three lines of trenches, lay out every boche in the lot and then get to cover and fire six rounds at them 'ere tin hats."

"Over the top they went with what must have been some wild college yell. Then ran down some ten yards and dug their bayonets savagely into dummy Germans, made of sacks and disappeared in the first trench. Then they came up and on again until we could see them spread-eagled behind a shallow trench, blazing away at the cans which rattled down.

"We do ease 'em up a bit between real work," the sergeant explained. "We give 'em games but each of these 'ere games is meant to teach 'em something."

"So they played a game designed to teach concentration of thought on the exact words of command. The sergeant began: 'When I begin a command with the words, 'O'Grady says you obey it. When I don't you stand stiff. Now, ready 'O'Grady says eyes right! 'O'Grady says left turn.' Front!"

"There you are, four you gone to sleep. Get back and touch the post in that wire fencing behind and then keep your ears skinned for 'O'Grady!"

FACE BATTALION PROBLEMS

American Training Camp in France, Sept. 27.—(By The Ass'd. Press)—What are technically known as battalion problems are just now engaging the attention of the more advanced units of American troops training here.

After the battalion problems will come regimental problems, then brigade problems and lastly divisional problems for in modern warfare the division is the largest fighting unit which remains intact within an army organization.

Within a division the battalion is the really important fighting unit. The problems now engaging the battalions are those met in ordinary routine trench warfare. The Americans are working them out alone but listening to the criticisms from the British and French officers.

The carrying out of reliefs in trenches so that the enemy will not know when one unit has been replaced by another is one problem which is being followed with fidelity to actual front line conditions. Offensive and defensive problems in large numbers also are being worked out. One important feature is the searching of men and the use of captured German weapons. These weapons have been borrowed from the French. Particular attention is being paid to instructions in operating German machine guns and trench mortars, as well as bombs and hand grenades.

Infantry regiments are now looking forward to the time when they will participate in maneuvers with their own artillery. The preliminary training of the artillery is going on with excellent results, but much remains to be done.

Meanwhile the plan of having a large percentage of the first contingent to arrive in France act as instructors to troops arriving later has been begun. Officers' schools are being organized and scores of officers are being taken from-line regiments as the first contingent to conduct them.

POINTS OUT IMPORTANT ORGANIZATION DEFECT

Governor of N. Y. Federal Reserve Bank Asserts it is Lack of State Bank Membership in Federal Reserve System.

Atlantic City, Sept. 27.—Addressing the American Bankers' association convention today, Benjamin R. Strong, Jr., governor of the New York federal reserve bank, said he was convinced that the only important weakness in the financial organization of the country is the lack of state bank membership in the federal reserve system.

Regarding the financial policy of the government he said: "I confidently believe our country can pay all the taxes required to maintain its credit and support the borrowings needed for the period of the war without crippling its vital industries, but our congress must be careful not to destroy the income sources which produce taxes."

In making his annual report Fred N. Farnsworth, secretary, lamented that the secretary of war had ruled against any banking facilities in the army camps. He told of preparation to establish field banks in 32 cantonments with 212 banks combining in the movement.

American bankers hold in the palms of their hands the destiny of this country at this time in the opinion of George M. Reynolds, Chicago, speaking on business in war times.

"The administration from the president down can rest assured that the bankers realize this and will meet every obligation and service put upon them," he said.

SOLDIERS KILLED NEAR CHICAGO ARE IDENTIFIED

Three Kentuckians and One West Virginia Man Meet Death When Struck by Electric Train.

Chicago, Sept. 27.—Identification was completed today of the four soldiers of the forty-eighth United States Infantry, stationed at Fort Sheridan, who were instantly killed last night when they were run down by an electric train at Highland Park, a suburb. The dead are: Chester Gilbert, 19, Doorway, Ky. Addison D. Hart, 20, Dew Drop, Ky.

Francis M. French, 24, Richmond, Va. James Ball, 20, Irwin, Ky. The men had just been given camp leave and were attempting to board a train for Chicago when they were run down by another train which was obscured by a heavy rain.

WILL CO-OPERATE TO REDUCE BREAD PRICE

WASHINGTON, Sept. 27.—Measures of co-operation to reduce the price of bread will be advanced by the food administration within a short time to bakers, retailers and consumers. The federal trade commission will complete probably this week an inquiry into the cost of bread baking and distribution. As soon as its report has been gone over the food administration will announce its views as to standards, shapes and composition of bread. At the same time it will make public its intentions as to co-operation to reduce prices.

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If Tongue is Coated, Breath Bad, Stomach Sour, Clean Liver and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the California Fig Syrup Company.—Adv.

GRAIN QUOTATIONS DECLINE THURSDAY

Speculators Take Optimistic View of Crop Outlook—Forecast of Additional Light Frost Receives Scant Attention.

Chicago, Sept. 27.—Optimism as to the crop outlook despite temporarily adverse weather conditions led to declines today in corn and prices closed weak. Soft wheat net lower at \$1.20 1/2, at \$1.20 1/2, December and \$1.17 1/2, at \$1.17 1/2, May. Oats finished 1/2 cent off to 1 1/2 cent up, and provisions varying from 2 1/2 cent setback to 1 cent advance.

A forecast of additional light frost for Iowa, Missouri and Illinois tonight received but little attention in the corn pit in the last half of the day, a falling off in country offerings and a lull in profit-taking by holders led to a rally but the bulk encountered heavy fresh realizing which carried the market rapidly down grade at the end of the session.

Revival of export demand gave relative strength to oats. General rains tended also to encourage the bulls.

Except for nearby deliveries of ribs, which were under special selling pressure, new high record quotations were general in the provision market.

LIBERTY BOND TO EACH WOMAN

Washington, D. C., Sept. 27.—A movement to enlist every woman in the United States in the second Liberty loan campaign is to be organized at a two-day conference which opened in the Pan-American building in this city today. The attendance at the conference includes the members of the women's committee of the National Council of Defense and the heads of the different state divisions together with representatives of numerous women's organizations of national scope. The movement was originated by Mrs. W. G. McAdoo, wife of the secretary of the treasury, and who is the official head of the woman's Liberty loan committee.

Give it in Time

Every mother knows that coughs and colds, neglected, may lead to the most dread diseases. Croup, bronchitis, pneumonia and consumption often have their beginning in a slight cold.

The wise mother gives **Foley's Honey and Tar** at the first signs of a cough or cold. She knows it stops coughs quickly, puts a soothing, healing coating on an inflamed and tickling throat, and gives a feeling of warmth and comfort to the sufferer.

Mrs. M. E. Schlarb, Ashland, Penn., writes: "Foley's Honey and Tar is the best cough and cold remedy I have ever tried. When my little girl gets a cold on her chest, I give her a few doses, and it relieves her right away."

WORTH \$5000 A YEAR TO HIM

Taste for Drink Removed

\$5000 a year is a tidy sum. In a large town near Chicago there is a business man who tells his friends that The Keeley Treatment has meant that much, and more, to him. A few years ago this man was addicted to the use of liquor. Every day he had to drink a certain quantity or suffer the agonies of deprivation. His appetite was poor, he didn't sleep well, and his business was showing the effects of impaired will and efficiency.

When he heard of the Keeley Treatment he determined to rid himself of the weight that was dragging him down. He went to the Keeley Institute, took the treatment and today he is a thoroughly well man, with the craving for liquor entirely removed. He has been able to concentrate his efforts on making good. The Keeley Treatment has given him a new life, and higher ideals—no wonder he values it so highly. This is but one of thousands of similar cases, varying only in detail, which could be mentioned. Every one of them are strong advocates of the Keeley Treatment and value it just as highly as the man whose case we have cited. But, really, the value of the Keeley Treatment cannot be estimated in dollars. The fresh vigor, the newfound respect of friends, family and neighbors, the regained ambition and self-control, the things that mean more than money.

Men and women who use liquor or drugs need the scientific Keeley Treatment. Tell them about it. Safe and effective—no harmful drugs, no nausea, no ill effects, no confinement; administered by skillful physicians. Write for information in plain, sealed envelope. What Does the Lutheran Church Teach of Justification

(By J. G. Kuppler)

The Lutheran church believes and teaches the justification of a sinner by grace, through faith in the merits of the Redeemer. That as a cardinal principle of the Lutheran church so it was of the church of the Apostle. The meaning is this: In view of the vicious life suffering and death of His incarnate Son, God, the judge of the world has forgiven and still forgives to every penitent believer all his sins, and trespasses freely, fully and finally. This is the plain teaching of Paul.

"Even the righteousness of God which is by faith of Jesus Christ unto all and upon all of them that believe; for there is no difference; for all have sinned, and come short of the glory of God; being justified freely by His grace through the redemption that is in Christ Jesus." (Rom. 3:22-24). Therefore we conclude that a man is justified by faith without the deeds of the law." (Rom. 3:28).

This principle removes all mediation between God and the sinner except that of Jesus Christ. It acknowledges no other intercession. "Look unto me and be ye saved, all the ends of the earth for I am God, and there is none else." (Is. 45:22). It denies all justifying virtue to man's own works. Good works are the fruit of faith, not the cause of salvation.

The Lutheran church, therefore, find no use for self-elected form of devotion which aims at the obtaining of divine favor; that is, so far as the power of these things to make the sinner acceptable in the sight of God is concerned.

The question, "What must I do to be saved?" the Lutheran church answers by directing the inquirer solely to Christ as John the Baptist directed his followers to Christ, saying: "Behold the Lamb of God which taketh away the sin of the world." (John 1:29). And John the Evangelist testifies of Christ, "And He is the propitiation for our sins and not for ours only but for the sins of the whole world." (1. John 2:22).

"The blood of Jesus Christ, His Son, cleanseth us from all sin." (1. John 1:27).

And did not our Lord Himself, proclaim the purpose of His coming into the flesh in the familiar words, "For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish but have everlasting life." (John 3:16). It is this great truth that distinguishes the Christian religion from every other religion in the world. All other religions man's salvation is dependent on his own works, on something he must do. The Christian religion, recognizing man's inability to save himself by taught that he can do, comes with the Gospel, which means "Good News" or "Glad tidings" of Christ and assures us that sinners are saved by grace of

God because of what Christ has done for us. This is what the Lutheran church stands for.

What is the Lutheran Church's Form of Church Government?

The Lutheran form of church government is a model of democracy or congregational government. It believes and teaches that the believers are the church and that they possess all the rights and privileges that Christ has earned for His church and given unto it. To all believers Christ has given the great command to preach the gospel. To all believers Christ has given the keys of the kingdom of heaven; for what He said to one man, Peter, (Math. 16:19), "I will give unto thee the keys of the kingdom of heaven; and whatsoever thou shalt bind on earth shall be bound in heaven; and whatsoever thou shalt loose on earth shall be loosed in heaven." He said unto all His followers, the church, (Math. 18:17-20), "If he shall neglect to hear thee, then tell it unto the church; but if he neglect to hear the church let him be unto thee a heathen man and a Publican. Verily I say unto you, whatsoever ye, (the church or congregation) shall bind on earth shall be bound in heaven; and whatsoever ye shall loose on earth shall be loosed in heaven." For where two or three are gathered together in My name, there am I in the midst of them." And there is the church with all the rights and privileges which God has given His people.

And it was Peter who wrote unto the Christian people scattered throughout Pontus, Galatia, etc. (1. Peter 1:1), "Ye are a chosen generation, a royal priesthood, an holy nation," etc. (1. Peter 1:19).

The Lutheran church stands for the royal priesthood of all believers. It holds that whatever spiritual powers Christ gave on earth he gave to the believers. The Christians gathered together in a certain congregation or church, then delegated the office of the public ministry to a certain man called by them for the purpose. Says Luther: "The Christian man is the most free, lord of all and subject to none; a Christian man is the most dutiful servant of all and subject to every one"—in love. The Lutheran church holds that all church bodies or synods have only so much power as has been delegated to them by the local congregation. However beneficial a synod may be, it is not commanded by God, but is an institution of the church and therefore human.

By human right a number of congregations unite into a synod in order the better to do the Lord's work. By human right they elect officers and call them presidents, district superintendents or church visitors. They may elect one and call him a bishop (which means overseer of a local church or of a number of churches) or an arch-bishop, as is the case in Lutheran Sweden—but always with the understanding that it is a human and not a divine arrangement. Lutherans therefore enjoy the greatest possible liberty. Its entire government is modeled after the words of Christ, "One is your Master, even Christ; all ye are brethren." In all matters of faith set forth in the Bible, the Lutheran bows to the clear command of the Word. In other matters he accepts in brotherly love the decision of the majority vote of his brethren in his congregation or synod, according to the injunction, "Let all things be done decently and in order."

NOTICE TO CONTRACTORS
Sealed bids will be received by the county commissioners of Morgan county, Ill., at their office in the court house at Jacksonville, Illinois, until the hour of 1 p. m., Saturday, Sept. 29th, 1917, for the construction of a concrete culvert on the county line between Morgan and Greene counties. Each bid must be accompanied by a certified check for five per cent of each bid. The commissioners reserve the right to reject any or all bids. For information address L. V. Baldwin, county superintendent of Highways, Jacksonville, Ill.

LAWN SOCIAL AT WOODSON.
Mrs. John Lewis gave a lawn social and entertained the "Loyal Daughters" class of the Christian church, Mrs. W. H. Oldham teacher, at her splendid home north of town last Tuesday afternoon.

The occasion was in honor of her niece, Miss Edna Harney, who goes to a hospital in St. Louis to study as a trained nurse soon.

Members of the class present were Misses Carabel Mogginson, Ellen Harney, Nellie Wurlis, Edith Young, Lillian Young, Hazel Watson, Sarah Jane Mogginson, Margarite Steinmetz, Lela Harney, Fanny James and Mrs. Elsie Newman.

Invited guests were Mr. and Mrs. W. H. Oldham and little son, Wylie, Jr., Mrs. Time Whitlock, Mrs. Robert Harney and her little daughter Mary and grand daughter.

Four leafed clover hunting and croquet were the chief amusements. After which came a dainty lunch consisting of Jersey cream, ice cream and a variety of cakes. The afternoon was thoroughly enjoyed and a vote of thanks given to Mr. and Mrs. Lewis for their hospitality.

NEXT WEEK - ALL WEEK

October 1st to October 6th

Our special Sale and Demonstration of the Celebrated COPPER-CLAD RANGE will be held. Don't fail to come and see the greatest range made, in operation.

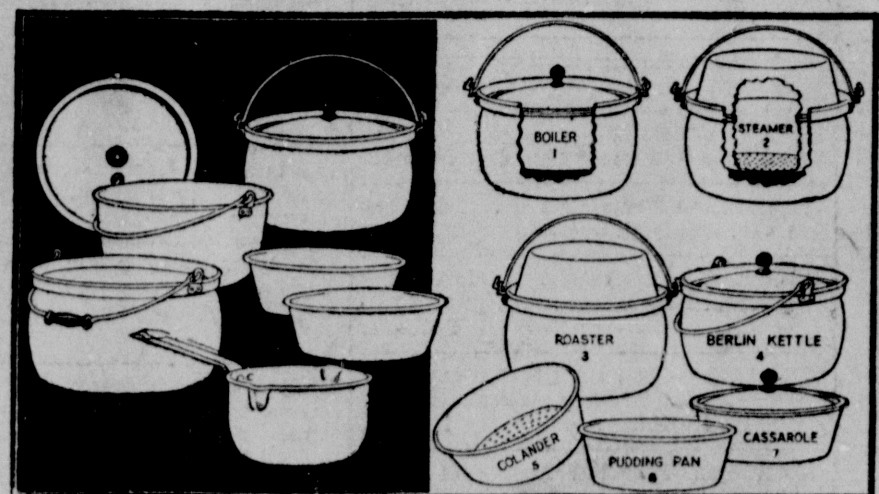

A Handsome Range

A Cooking Machine

A machine that does the same thing the same way every time—machine-like. So with the Copper-Clad range. It can be depended upon to do perfect work every time. It cooks as good as it looks—and because of the Copper lining at rust points, outlasts two or three ordinary ranges.

The above is the leg style that sets up well off the floor on a special base. It is also made with cabinet style base.

FREE! FREE! FREE!

A set of pure Aluminum Cooking Utensils like illustration above will be given every purchaser of a Copper-Clad Range during demonstration week.

The COPPER-CLAD is unsurpassed. The VITAL PARTS are made to last.

The Four Walled Copper-Lined Malleable Range

No Other Range is Clad with Real Copper That Never Rusts

Count the Walls—1, 2, 3, 4,
One of Pure Copper

First is the outer wall of Alleghany iron, second the pure copper wall, third the thick asbestos wall, fourth the warless gray iron wall that clamps the asbestos to place and never burns out.

Why Not One Thick Wall?

Because such walls waste too much heat by radiation. Asbestos does not radiate and waste the heat, but it does "sweat" as it cools off.

For long years no one understood why malleable ranges rusted out from the inside. No one thought of asbestos sweating—but it does, and to separate the outer wall (body of range) from the sweaty asbestos was necessary.

Separate with something that will never rust. "Copper is the thing," said the originator of the Copper-Clad Range. So between the asbestos and outer wall he put a sheet of pure copper—and not one Copper-Clad Range has ever rusted out.

This Copper Wall saves the price of a new range every 10 years, and while it costs much more to make, it is well worth the money. The Copper-Clad Range is conceded the best range made anywhere at any price.

EIGHT RECRUITS FOR U. S. ARMY THIS MONTH

This is the Record at Local Recruiting Office—Department Colors.

Sergeant MILLING stated yesterday that there have been eight recruits secured this month so far at the local recruiting station at the post office, and that the prospects are good for several more men joining the colors before the month is over. Most civilians being totally ignorant of matters military, are unable to recognize by the average soldier's uniform just what branch of the service he may be enlisted in. Sergeant MILLING in conversation with a Journal reporter said Thursday that every man in the service was easily recognized by his hat color. Each department has a different colored cord and in this way they are easily designated. The following are the different branches of the service and their individual hat cord colors. Acquaint yourself with this list and the next time you meet a soldier you will be able to tell to what department of the armed forces of America he belongs:

Infantry—Blue.
Artillery—Red.
Cavalry—Yellow.
Quartermaster Corps—Cream.
Signal Corps—Orange and Yellow.
Hospital Corps—Red and Yellow.
Commissioned Officers—Gold and Black.

Army Service School—Green.
Officers Training Camp—Red and White.

IN MEMORIAM.

The Berea Ladies Aid Honor the Memory of Mrs. Bingham.

The Berea Ladies Aid met at the home of S. E. Bingham Thursday Sept. 27th. The meeting was in memory of Mrs. S. E. Bingham who died May 1st, 1917. The first all day meeting held since her death.

After all had enjoyed the excellent dinner prepared by her foster daughter, Mrs. Clair Baker, a devotional and business hour was enjoyed. Owing to the rainy weather only twenty-seven were present. A neat sum was realized for the Aid's fund.

The following verses composed by her daughter Clair were read by Mrs. Charles Swain.

"Mama,"
Twenty-one weeks ago today,
Much longer tho it seems,
We laid her precious form away,
Never knowing what it means.

And today, in memory dear,
With that loved one sadly missing
The Aid has gathered here.

The last time she was away from home,
Was to the annual meeting,
One spoke so sweetly of the day,
Where all received so kind a greeting.

The Aid met with her last September
And tho her health was failing
fast,
Pleased we are to all remember
She was faithful, to the last.

One by one, our Father calls us,
To our Heavenly Home above;
May our Aid there be unbroken
In that home of Peace and Love.

Miss Melissa Hoffman of Jacksonville sang several solos.
Mrs. James Strawn and Mrs. Felix Sims were also visitors from Jacksonville.

FIRST ISSUE OF RAMBLER.

The first issue of the Illinois College Rambler made its appearance in Jacksonville Thursday and is a very creditable publication. The new management has made many changes and improvements in the paper, which are pleasing to the reader as well as to the advertiser. Messrs. Barnes and Goveia are especially to be commended for the Rambler's appearance.

A JACKSONVILLE MAN'S EXPERIENCE

Can you doubt the evidence of the Jacksonville citizen?

You can verify Jacksonville's endorsement.

Amos May, prop. barber shop, Main St., says: "I suffered a lot of kidney trouble and at times my back pained terribly. It was all I could do to get through shaving my customers. The trouble seemed to affect my heart and caused shortness of breath. I felt tired-out and some one suggested Doan's Kidney Pills. They weren't long in bringing relief and after I had taken three boxes was feeling well and I haven't been troubled since."

Price 60c. at all dealers. Do simply ask for a kidney remedy—Doan's Kidney Pills—the same that Mr. May had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Daniel Sheehan and family of Louisville are visitors at the home of Mr. Sheehan's sister, Mrs. M. Shannon on East College avenue.
